Dear Sir,

	Option A
Equipment	**CNC Equipment**
Cost	**$730,100.00**
Term of Lease	**60 months**
Monthly Payment	**$15,322.00 plus any applicable tax**
Upfront Payment (First and Last Payment)	**$30,644.00**

By signing below you are indicating your acceptance of this proposal and commitment to use Liberty Capital exclusively for the lease of this equipment. Furthermore, you agree to provide Liberty Capital and/or Lender in good faith, any and all necessary documentation in a timely manner. Should Liberty Capital and/or Lender receive any derogatory information, payments and terms may vary. Upon your receipt of final lease documentation, you agree to execute and return the same within a commercially reasonable period of time. An upfront payment of **$30,644.00** is required for Lessor to submit the transaction for final documentation. Once the transaction is approved, the upfront payment will be considered an origination fee and will be considered earned and is non refundable.

The contemplated transaction represents a net lease whereby maintenance, insurance, property taxes, documentation costs and all items of a similar nature are payable by the Lessee. A doc fee of no more than one month's rent will be charged at the time of final docs. The upfront payment check you mail to Liberty Capital will serve along with this signed proposal as your commitment to use Liberty Capital exclusively for the leasing of this equipment and will be treated as an origination fee for arranging the financing of your equipment. This proposal expires on 3/30/2011. If we do not receive the signed proposal and check for the upfront payment amount listed above by the expiration date, payments and terms may vary. I look forward to being of service to you on this transaction and will work closely with you to ensure your complete satisfaction.

Sincerely,

LIBERTY CAPITAL, LLC
