Should the implementation of the plan involve a public distribution of the Bank’s securities (including a distribution limited only to the Bank’s existing shareholders), the Bank shall prepare offering materials fully describing the securities being offered, including an accurate description of the financial condition of the Bank and the circumstances giving rise to the offering, and any other material disclosures necessary to comply with Federal securities laws. (e) In complying with the provisions of this ORDER and until such time as any such public offering is terminated, the Bank shall provide to any subscriber and/or purchaser of the Bank’s securities written notice of any planned or existing development or other change which is materially different from the information reflected in any offering materials used in connection with the sale of the Bank’s securities. The Bank shall not rebook such loans without the prior written consent of the Regional Director and the Commissioner. Elimination or reduction of these assets through proceeds of loans made by the Bank shall not be considered “collection” for the purpose of this paragraph.

In addition, within 270 days after the effective date of this ORDER, the Bank shall achieve a reduction in the volume of the adversely classified assets reflected in the August 11, 2008, Report of Examination, to a level not to exceed 100 percent of Tier 1 Capital plus the Allowance for Loan and Lease Losses as determined at the end of the 270-day period. The plan may include a provision for increasing capital where necessary to achieve the prescribed ratio.
