

As some funding sources back away from or exit the broker/lessor market, **Channel Partners LLC** is working to build new and unique funding opportunities for your business. Beginning April 6th you will be able to sign up for our Working Capital Referral Program (outlined below) which will precede other equipment finance programs to be offered by Channel Partners.

Our goal is to ***"Connect the Right Companies"*** to create an efficient flow of business and profitable portfolios. We're excited about the introduction of the Working Capital Referral Program and our progress with some new equipment finance programs.

We have joined both NEFA and NAELB and look forward to discussing our plans at the upcoming conferences in Orlando and Las Vegas.

Working Capital Referral Program for Brokers
Application only \$10,000 - \$100,000

If your customer has been **rejected for standard equipment finance programs**, this working capital product may help them:

- ♣ Expand their business or add additional locations
- ♣ Increase their product line, add seasonal merchandise, meet unexpected expenses
- ♣ Purchase new equipment
- ♣ Advertise and promote their business with new marketing programs
- ♣ Buy out a partner
- ♣ Perform renovations

TIB: 12 months
