Segment profit (in millions Three months endin		2007
Infrastructure Commercial Finance GE Money Healthcare NBC Universal Industrial	\$ 2,588 1,158 995 528 712 300	\$ 2,208 1,440 1,223 637 691 358
Liabilities and equity Borrowings Other liabilities & minority interest	\$547.8 \$133.3	\$514.1 \$129.7

In the SEC filing, a condensed statement of earnings: (consolidated)

Sales of goods and services	\$24,322	\$ 21,515	
Total revenues	\$42,243	\$ 39,200	
(separated)			
GE	\$27,310	\$ 25,686	6%
Financial Service	\$18,053	\$ 17,485	3%

Where the bottom line is most effected, and therefore look for cuts from GE and other changes, as they started to do last year in the Healthcare leasing section, is in the cost of sales, administration, interest, and provision for losses. The full statements follow the story, but for brevity sake:

Total costs and expenses: Consolidated \$37,053 \$33,040

(separated)			
GE	\$22,191	\$20,118	10 %
Financial services	\$15,516	\$13,469	15%

The financial statements show loss from continued operations, particularly in the financial service sector, which income tax provisions also come to the bottom line.

The last financial statement in the SEC filing is a condensed statement of financial condition.

Borrowings are up in the Financial Services: (in millions) 3/31/08 12/31/07

\$536.7 \$500.9

There is your profit being off, not including other higher costs. Segment profit (in millions)
