yment Corporation	Total operating expenses for the current quarter declined 28.4% to \$5.2 million from \$7.3 million in the second quarter of 2006. The second quarter 2007 provision for		
nual Reports	credit losses increased slightly to \$1.7 million from \$1.6 million in the second quarter of 2006 primarily due to the increase in lease receivables, while net charge-offs		
entations	declined to \$1.6 million from \$2.3 million in the comparable period of 2006. Sequentially, amounts greater than 31 days delinquent as of June 30, 2007		
ntact Us	decreased to \$3.9 million from \$5.4 million as of March 31, 2007. Selling, general and administrative expenses decreased 19.6% to \$3.2 million from \$3.9 million in the second quarter of last year primarily due to reductions in collection related and legal expenses. Interest expense declined 58.1% to \$13,000, as a result of lower debt balances. Depreciation and amortization expense declined 79.3% to \$0.3 million for the quarter, due to a decline in the number of rental and service contracts as well as the fact that a greater percentage of these assets are fully depreciated.		
	Cash received from customers in the second quarter was \$10.1 million compared to \$9.6 million during the same period in 2006. New originations in the quarter increased by 22% to \$12.4 million for the second quarter 2007, compared to the first quarter 2007.		
	Richard Latour, President and Chief Executive Officer said, "I am pleased with our continued progress in growing the business. In the second quarter of 2007, new contract originations improved to \$12.4 million, an increase of \$9.2 million from the second quarter of 2006. In addition we had our largest quarter for vendor approvals at 208 new vendors bringing the total vendor count to approximately 1,550. We also processed over 9,300 applications, an increase of over 5,400 applications as compared to the same period last year."		
	For the six months ended June 30, 2007, net income was \$2.7 million versus net income of \$1.3 million for the same period last year. Net income per diluted share year to date was \$0.19 based on 14,101,436 shares versus \$0.09 for the same period in 2006.		
	Year to date revenues for the six months ended June 30, 2007 decreased 12.0% to \$15.0 million compared to \$17.1 million during the same period in 2006. Revenue		

from leases was \$4.7 million, up \$3.3 million from the same period last year and rental income was \$7.4 million, down \$3.9 million from June 30, 2006. Other revenue components contributed \$2.9 million, down \$1.5 million from the same period last year. New contract originations year to date June 30, 2007 were \$22.5 million versus \$6.1 million through the same period last year.

Total operating expenses for the six months ended June 30, 2007 declined 27.9% to \$10.8 million versus \$14.9 million for the same period last year. Selling, general and administrative expenses declined \$1.4 million to \$6.7 million and depreciation and amortization expenses declined 76.4% to \$0.8 million. Significant factors in the decline of the SG&A expense include declines in legal expenses of \$0.5 million and collection expenses of \$0.5 million. The provision for credit losses remained flat at \$3.2 million year to date, as compared to the same period last year. Year to date net charge-offs declined to \$3.5 million as compared to \$5.1 million for the same period last year. Interest expense declined 76.8% to \$26,000 year to date. Headcount at June 30, 2007 was 74, up from 71 at the end of the same period last year. Year to date cash from customers was \$19.6 million as compared to \$21.8 million for the same period last year.

Richard Latour adds "We are pleased that the Company was added to the Russell Microcap Index during the second quarter. The Russell indexes are widely used by investment managers and institutional investors for index funds and as benchmarks for both passive and active investment strategies. We expect our inclusion will generate greater interest in our stock at an institutional level."
