- At the time that you were doing that, and we'll Q. give you a time frame of 2007 when you started working, did you deal much with people from NCMIC Finance?
  - Α. Yes.
  - Q. Who did you deal with?
  - Α. Primarily Jean Thompson.
  - Q. What did you talk to Jean Thompson about?
- We talked about the status of, you know, Α. applications, how they were approved, who needed financing. You know, we talked girl talk all the time, too.

I talked to her a lot.

I want to kind of go through what the typical Q. structure of Brican customers were so I can figure out what your role was in that.

I'm going to go through this and you tell me if I've got it right or if I got it wrong.

At Brican a salesman will approach a potential customer, usually a doctor about possibly purchasing one of the Brican systems, which is a TV screen with the associated electronics to show medical programming.

- Okay so far?
  - Α. Right.
  - If they have a customer who is interested they Q.

offer them financing to pay for the screen and the Brican system?

A. Yes.

- Q. Brican itself never allows doctors to pay on time, the doctors always have to pay Brican up front?
- A. Well, the doctor gets approved by Professional Solutions or whatever company we're leasing with at that time and all the billing would go through that leasing company and --
- Q. I just want to make sure that what we're saying is the leasing would pay directly?
  - A. Right.
- Q. The idea being that Brican itself did not allow the doctor to pay on time, Brican required the doctors to pay the full amount up front and obtain financing through another company like NCMIC?

MR. WERTMAN: Just let me object to the form.
You can answer.

THE WITNESS: I can? Well, the client had options. They could go ahead and pay for it up front of they could pay with a credit card or a check or a wire or if they wanted to they could obtain financing from their own bank.

Most of the time people would go through the leasing company and we presented them the paperwork

1 for that. 2 BY MR. VERDE: 3 But either way Brican got the \$25,000 or so for Q. 4 the system up front, they got it in a lump sum? 5 Α. Yes. 6 Brican itself never allowed doctors to simply Q. 7 pay on time? 8 MR. WERTMAN: Objection to the form. 9 THE WITNESS: I don't understand what you mean. 10 BY MR. VERDE: 11 In other words, Brican in every circumstance in Q. 12 which Brican sold one of their systems they received 13 \$25,000 immediately whether it was from the doctor 14 directly --15 Α. Yes. 16 -- or from the leasing company? 17 You mean the finance company, yes. 18 There was never a third option where the doctor 19 simply could say I'll pay you \$500 a month? 20 Α. Correct. 21 That did not happen? Q. 22 Α. Correct. 23 So at that point when the salesman came back Q. 24 with the paperwork that the doctors were interested in 25 purchasing a system there was an application made to

NCMIC to determine whether they would be providing financing for the lease?

A. Yes.

- Q. And sometime someone at NCMIC would approve it and then at that point the responsibility for funding that \$25,000 passed to NCMIC?
  - A. Correct.
- Q. Where in that stream of money or stream of paperwork, where was your job? What did you do?
- A. Once the order would come from the marketing consultant we would fax all the paperwork to NCMIC Leasing Company.

They would approve it or they would deny it or they would ask us for more information. If they requested more information we would contact the client and tell them we need tax documents or whatever licenses or whatever the leasing company required to finish funding or to finish the approval.

Once it was finally approved and we had a purchase order then we would place the order for the equipment and then it would be shipped. Then we would just be in charge of -- I would be in charge of tracking it to make sure once it was shipped out and then once it was delivered.

Once we had an approval, therefore which we

could make an invoice to Professional Solutions and put the purchase order number and send them proof of delivery and then we would wait for the funding. At the very beginning of your answer you referred to a marketing consultant. Α. Yes. Is that a salesman? Q. Α. Salesman, yes. Q. Did you ever have any involvement in advertising agreements that Viso was engaging in with the doctors? Α. No. Did you know that the doctors were getting Viso advertising money? Α. No. When did you first find that out? I found that out on April 4, 2007, my first day. How was the business model -- well, let me ask you: Was the business model of Brican ever explained to you? Α. Yes. And how did you find out that it was Viso that Q. was purchasing advertising? At the time, the first day I found out, which

was the first day I was hired, Jack was not there and Jeff gave me two or three pages of printouts that showed all the people that had just been mailed advertising checks. He briefly explained that those were for advertising and at that time Viso - it wasn't Viso at that time. It was PBLEI.

### O. What is that?

1.3

A. PBLEI, Palm Beach Lasik and Eye Institute, which is the one in Wellington.

He told me these have been mailed out and that was pretty much the first, you know, introduction to the marketing agreements I had.

- Q. Did you have any responsibility with regards to the marketing agreements?
  - A. In regards to drafting it?
- Q. No, I'm sorry. Did you have any responsibility with monitoring the flow of the paperwork or the flow of payments for advertising?
- A. Well, yes. As far as the flow of payments, we would send out the quarterly payments to clients. We had to make sure we had the information as to who was paid for the advertising and then we would cut the checks accordingly.
  - Q. Were you ever an employee of Viso?
  - A. No.

	g. Did jou ever ask wil jou were cureting encous on
2	behalf of Viso?
3	A. On behalf of Viso, no.
4	Q. Do you know where the money was coming from for
5	Viso to make those advertising payments?
6	A. The money was the money was available from
7	loans either from Brican America, Inc. or from LLC.
8	Q. Were they all at the same bank?
9	A. No, they were all separate banks.
LΟ	Q. Which bank did Brican, LLC use?
11	A. LLC used HSBC.
12	Q. Did Brican, Inc. have a separate bank?
L3	A. It had a separate account at the same bank.
L4	Q. What bank? They used HSBC. What bank did Viso
15	use?
16	A. Bank of America.
L7	Q. Were you involved in making any money transfers
18	from LLC to Inc. or from Inc. to Viso?
19	A. I transferred money to LLC, not to Inc. I
20	didn't transfer money into Inc. or from Inc. to Viso.
21	Q. Who was responsible for that?
22	A. That would be Jack.
23	Q. When you transferred from LLC to Inc. were you
24	told why you were transferring money?
25	A. Yeah. I would print out a document that showed

everybody that was to receive a check for their quarterly and what the total was and then we would match that number with whatever Jeff had in his spreadsheet and we would make a recommendation to Jack to make the transfer.

- Q. So the amount of money you transferred from LLC to Inc. was determined by the amount of money that had to be paid for the advertising agreements?
  - A. Correct. For those quarterly payments.
- Q. But that would only get the money to Brican,
  Inc. and the checks were being paid by Viso, how did the
  money get from Brican to Viso, and referring to checks
  that were being from Inc.?
- A. Well, I believe -- let me say this: I believe there were 305 clients that were being cut from those monies and that would be coming from LLC and then I believe Inc. was cutting checks directly to the clients.
  - Q. You said that there was about 305 clients?
- A. In Inc., you know, that was what I was in charge of paying the marketing for the first set of clients that were approached for marketing agreements.
- Q. Is that because at some point Brican, LLC became a party that actually received the money?
  - A. I don't understand the question.
  - Q. Sure. You said there were at least 300 that

were in agreements and between the two Brican organizations there was somewhere over 16,000 customers, correct? Α. Sixteen thousand, no. Ο. Sixteen hundred? Α. Yes. And you only had 350 of those you said that were Brican, Inc.? About 305 of those were being paid advertising .. A . from Brican, Inc. Q. Okay. The rest were from Brican, LLC, the rest were originally being paid out of Brican, LLC and then those were later paid by Viso. Q. So those 305 customers, those were the first customers? Α. Yes. Those were --Q. Α. Those were clients that signed for the marketing agreement before January 2008. What happened in January of 2008 that changed Q. this? I don't know that but I do know that at one point they said we're no longer going to pay them from Inc., we'll be paying them from LLC on behalf of Viso.

1-5..

Q.	So then the checks went out directly from LLC?
Α.	Yes, in the beginning of 2008. Then towards
the end,	actually all through 2008 they were paid out of
LLC. In	the beginning of 2009 they were paid out of
Viso.	
Q.	Do you know why they were being paid out of
Viso ins	tead of LLC?
А.	No.
Q.	Are there any other employees from the office
who work	ed just for Viso?
Α.	Yes.
Q.	Who is that?
А.	Jennifer Cossio and there's another employee
and her	name is Ashoka Ganneson.
Q.	What do they do for Viso?
Α.	Jennifer is the corporate administrator for
Viso han	dling anything from salary to bookkeeping.
	Ashoka is the national e-commerce director,
anything	to do with e-mail campaigns and website
developm	ent.
Q.	Do they sit near you in the office?
Α.	Jennifer sits right next to me.
Q.	And Ashoka, where does she sit?
A.	Ashoka sits next to us but not and she's in
another	office.

documented the reasons why Brican, LLC was giving money
to Brican, Inc.?
A. By paperwork you're talking about the amounts
or the loan obligations?
Q. The loan obligations.
A. I didn't see any Brican loan obligations. I
said one company is to pay another. I did understand
that there was interest to pay amongst the company and I
was involved with how much money to transfer, you know,
if Inc. needed funds to pay management fees or quarterly
payments.

Q. So when you would make transfers of money from LLC to Inc. you were not required to check any documentation to verify the transfers, you were just relying upon instructions that were given to you by supervisors at the company?  A. I would make recommendations on how much was necessary and things and they would either do them their self or allow me to do it.
Q. So when you would make transfers of money from LLC to Inc. you were not required to check any documentation to verify the transfers, you were just relying upon instructions that were given to you by supervisors at the company?  A. I would make recommendations on how much was necessary and things and they would either do them their self or allow me to do it.  Q. And the way you determined how much was

If it was management fees to shareholders, Jack

or Jeff or salary portion, then I would wait until they finished doing the salary calculations and the faxes and everything and then they would make a transfer, I would make a transfer to cover that.

If it was advertising then I would give them a tally of what it was we were paying out of Inc. which was then, you know, for the 305 and the rest had to be paid out of Viso and Jack would transfer it to Viso.

Q. Let me break this down a little to make sure I'm getting it clear.

### How did you determine to pay for advertising?

A. We had a database in our system for Brican America and in there we would log all of the sales that come in, you know, every state, every client, everything. And on there we can determine what the amount of advertising agreements were and we could determine the start date and when they're to be receiving their first payments, when we start sending checks out and I just click on it and it reports and then I do a tally and take out the ones with zero amounts and I have a number, you know, and then I know how much money that amount is going to be.

And then I can say, okay, these are the first 305 and I think I need this much money from Inc. and the rest are being paid out of Viso and we need this much

money to transfer to Viso.

- Q. The advertising payments, are they made monthly, quarterly?
  - A. Advertising payments are made quarterly.
- Q. And the obligation to make those payments is Viso's obligation, they're the one buying the advertising?
  - A. Correct.
- Q. How did you know how much Viso was obligating itself to pay to the doctors in advertising?

MR. WERTMAN: Objection. Go ahead and answer the question if you understand it.

THE WITNESS: We would enter that amount when we have a sale come in from the client. As soon as we enter all the information as to what they're buying, whether they have -- you know, we would have a copy of the advertising agreement they have signed and that's what we enter into the database.

#### BY MR. VERDE:

- Q. Is there anyone from Viso who works with you, who tells you on behalf of Viso how much is owed to the doctors?
  - A. No.
  - Q. You determine that as Brican, LLC?
  - A. Yes.

1	Q. Have you ever had any supervisors reject any of
2	the recommendations you made for funding of monies to go
3	from LLC to Inc.?
4	A. Every quarter every quarter Jeff would have
5	a tally and he knows how much he has, you know, he has a
6	separate spreadsheet I guess and he matches what I have.
7	Often I have less or he has more. It never
8	matches to the penny so we always start debating and it
9	always comes to be a little bit more or a little bit
10	less. They never match perfectly.
11	So every quarter we have to have a discussion
12	on how much should be paid.
13	Q. Do you know why they never match?
14	A. Well, clients could be in default. You know, a
15	client passes on the lease to somebody else.
16	It's never going to be perfect.
17	Q. So in the circumstances where there is to be an
18	advertising check that goes out that's not to one of the
19	305 Brican, Inc. customers, how does that money get
20	funded? Does a check go out directly from Brican, LLC
21	or is the money transferred to Viso?
22	A. The money is transferred to Viso.
23	Q. Are you involved in issuing checks to Viso?
24	A. Yes.
25	Q. How many employees work at the Blue Lagoon

1	office?
2	A. I have to count it could be
3	Q. An estimate would be fine.
4	A. Twenty-two, 23.
5	Q. Do they all work for Brican, LLC?
6	A. Well, with the exception of Ashoka and
7	Jennifer, yes.
8	Q. Who do Jack and Jeff work for?
9	A. Brican America, Inc.
10	Q. Do you know why they work for a different
11	company?
12	A. I really don't know.
13	Q. Do you know why they work for Brican America,
14	Inc. as opposed to LLC?
15	A. All I know is I cut their salary and I pay them
16	from Inc.
17	Q. So we have two employees, Jack and Jeff, with
18	Brican America.
19	A. Inc.
20	Q. And we have two employees for Viso and
21	everybody else works for Brican, LLC?
22	A. Yes.
23	I need to rephrase that. Chuck Fraser works
24	for Brican Financial and he's in our office.
25	Q. You anticipated my next question. Does anyone

### work for Brican Financial aside from Chuck Fraser?

A. There is a temp that's currently employed by a staffing company. She was with us on a temporary basis. Her name is Jackie Lopez.

There is another temp helping her currently and, you know, I can't think what her name is at this time, but we have Chuck from Brican Financial, Jackie and the temp from a staffing agency, her assistant from another staffing agency.

Then we have some part-time collections person that works for Brican Financial. You know, he's actually a contractor. He's a vendor that goes and makes collection calls. He's not really employed.

- Q. Do you know who pays the rent, which entity pays the rent at the Blue Lagoon office?
  - A. Brican America, LLC.
  - Q. For all of it?
  - A. Yes.

- Q. Are you aware of other companies making any contributions to the payment of rent?
  - A. Not currently.
  - Q. Were they at one time?
- A. No, they haven't. You know, we haven't determined if they're going to or what percentage they would pay.

	Q.		Is	the	re	any	off:	ice	equ	ipme	ent t	that	is de	dicated	L

٦.			_		•								_		

A. We all share all of the office equipment, although Brican Financial does have a server for all their data for all of their, you know, credit inquiries and some of it's confidential and they only have access, only Brican Financial.

Other than that, everything is shared.

- Q. This is for a credit inquiry for a potential future customer of Brican?
  - A. Correct.

- Q. How about everybody is on the same computer network for all four companies?
  - A. That I really don't know.
- Q. Can you bring up information about Viso on your computer screen?
- A. I currently share Jennifer's screen because she's on maternity leave so I'm taking care of her, you know, whatever bookkeeping has to be done on her part. So I can access her computer from my desk but I don't think that is available to other people but I can't be sure.
- Q. If Jeff and Jack worked for Brican America,
  Inc. who supervises you or tells you what to do on

### behalf of Viso?

- A. They do, too.
- Q. Who else, besides Jean Thompson, are there any other employees from NCMIC that you speak to frequently?
- A. I used to speak to Paula Newsome (phonetic) and Bonnie Peterson on occasion and I would also speak to Nick Mollen (phonetic) who is the collection person there and on a few occasions I would speak with Todd Cook.
- Q. When you would speak with Newsome, what did you speak to her about?
- A. Depending upon what -- you know, if Jean was in the office, you know, I would speak to Jean. If Jean was not there I would talk to Paula about invoices that had been received or invoices that were going to be paid and -- which was normally what I would talk to Jean about but if she was not there then I would speak with Paula.

I normally would speak with Jean about clients that had been approved or whether they needed more information or things like that.

- Q. When you say whether invoices were being paid, what invoices are you talking about?
- A. Well, we would submit invoices for Professional Solutions for payments for clients and I would call and

see what the status was, whether they had received them because we would send them overnight FedEx or UPS package and whether they had received them or not, and I would talk to Jean and if she was not available then I would talk to Paula Newsome.

## Q. What did you speak to Peterson about?

A. Bonnie Peterson was the person in charge of receiving all faxes and logging them in and at times I spoke to her to make sure she received paperwork or she would call me to say I'm missing something or something along those lines.

### Q. And Nick Mollen?

A. Nick Mollen, I spoke to him on a few occasions when we had a client that they were actually trying to get, you know, customer service from Brican America and those were clients with questions about marketing agreements or advertising agreements and sometimes, you know, they would just -- we would have some conversations through e-mail. He would send me e-mails or Jean would send them to me, you know, saying contact this client, explain what the marketing agreement was about because the client had contacted them.

# Q. And who would initiate the conversations you had with Mollen? Would Nick call you?

A. I think I may have called him towards the end.

You know, when I say towards the end, March-April, I think I may have called him because I had received information from Jean that there was a particular client who was having some questions on -- advertising questions and I called him on a few occasions.

But most of the time the communication would come from e-mails that he would forward to Jean with questions relating to customer service or advertising and then she would send them to me.

# Q. Do you recall any kind of questions that they were asking about advertising?

A. Yeah. The questions that came about advertising from Jean were constant so it would be that this client needs — well, it got to the point that this client needs a reminder about his advertising agreement because, you know, she would tell me who it was and we would call them and we would explain to them, you know, because they didn't understand it. In the beginning before we had a customer service person I was doing the calls.

There were some people, maybe less than five, that, you know, she would say, okay, these are delinquent and I would call them and just explain, you know, the marketing agreement. Then I would call her back and she'd say, okay, fine.

I said, they're going to get -- they were waiting for their checks and they weren't making their lease payments so I would call them and explain it to them, that they were mailing out the checks to you.

- Q. And you know from your conversations with Jean, were you able to determine why customers would be calling her about marketing agreements instead of Viso?
- A. Yes, because they would receive a bill from Professional Solutions before they received the advertising check and they were hesitant to pay the lease obligation before receiving the advertising agreement.

So we would have to call them and explain to them that this was a deferral, you're going to get this, it's automatically going to be paid.

And then once they understood, you know, they would be fine and they would pay the lease.

- Q. When did you start having conversations with Jean about the agreements?
- A. From the beginning I remember the first batch I called on behalf of the first 305 and I talked about, I think I remember, his name was Alfonso Montemayor and those were from, you know, the first batch they had questioned and they were delinquent and I remember I called four or five times and the one I just named, I

called her back because there was a second client I explained the marketing agreement and the client said, fine, they will pay it, and then I explained -- you know, I would just explain it to them. It was constant, you know, when we had marketing agreements and any questions these people had when they received their bill they would contact Professional Solutions and then Jean, you know, I guess would get a lot of calls and then she would have them, you know, give us the information and either Dan would call them back, the customer service person, or I would call them back.

# Q. When did you start getting inquiries from Jean about advertising agreements?

A. I would say from the beginning. Since I was there in April of '07 I think the first check I was responsible for cutting would have been in July or October and the clients would call saying they weren't getting paid, we haven't received a marketing check and these checks, these calls, excuse me, would be referred to me very often.

# Q. Did you have a discussion with Jean about what the marketing agreement was about?

A. Well, I didn't explain to her in detail what it was about, but she understood. She understood what we were doing that we were planning on opening centers and,

in fact, she came here in November. We actually went to a center together and talked about what the centers were going to be.

It was standard knowledge that we discussed, you know, this. If any client wasn't paying we would call the client and just remind them what the terms of the agreement were.

- Q. You said you visited a center with her?
- A. Yes.

- Q. When was that?
- A. November of last year.
- Q. 2008?
- A. Yes.
- Q. Which center was that?
- A. PBLEI, in Wellington.
  - Q. In Florida?
  - A. Yes.
- Q. Prior to that did you have discussions with her, do you recall actually talking to Jean about the various centers that were going to be opened up around the country?
- A. She knew we had them in Charlotte. She knew that we had them in Wellington and we had one in Texas. When she came in November we told them we were opening up one in California somewhere and in Boston and D.C.

- Q. When you talked to Jean about advertising, did
  you tell her that it was only advertising for doctors
  with Viso, that nobody else was advertising on the
  Brican system?

  A. I didn't specify the only one that was
- Q. Did you ever send copies of the advertising agreements to them?

advertising was Viso but the center was Viso.

- A. She received some of our records in error a couple of times and she would say, you know, she would call and she would say this paper is for advertising instead of an invoice and I said, oh, it was sent to you by error.
- Q. If I understand what you're saying, in other words, when one of your salespeople had a doctor who wanted to buy a Brican system and was waiting for approval by NCMIC for financing, you would send a packet of materials to NCMIC for approval?
  - A. I would send the application to them.
- Q. And what you're saying is she would sometimes receive in error, you mentioned something about the application?
- A. Instead of the application sometimes they might get the advertising agreement but it wasn't very often but they would receive packets instead of a purchase

order or instead of an invoice. They may have accidentally copied the advertising agreement and sent that to them and they would call and say, hey, you sent me this instead of that and I said, okay, we'll take care of that.

Q. How often did that happen?

A. Not very often. It was just a handful of times.

- Q. Were you under instructions not to send advertising agreements to Jean Thompson?
- A. No. But all they needed to fund was the invoice and the proof of delivery along with the serial numbers of the equipment they received.
- Q. Who told you what information they needed or what information you needed to send to NCMIC?
- A. Well, the procedure had been set in place before I started so we just continued the same procedure.
- Q. Did anybody at Brican or Viso specifically tell you not to send marketing agreements to NCMIC?
  - A. No.

- Q. With regards to Paula Newsome, did you ever have discussions with Paula about the advertising agreements?
  - A. She was here when they -- you know, they came

together in November and she was at a meeting where we were talking about the centers and she didn't come with us on the visit later to Wellington. She was here on a cruise but she was present when we were discussing about what centers were to be added, but I never spoke to her about marketing agreements.

- Q. Did Jean have any discussions with you in the past year about what she knew about marketing agreements and when she knew or whether she knew Viso was paying for all the advertising?
- A. We talked about the marketing agreements like it was common understanding so she would say, you know, this client called, he didn't want to pay or this client here, he's calling, he hasn't got his check.

That would normally occur, though.

- Q. Would that normally occur at the beginning of a contract?
- A. No, that would occur when their first bill was due around 90 days after they were already funded.
- Q. In other words, the complaint was people didn't want to pay because they hadn't received their advertising money and that normally occurred at the beginning of the lease period?
- A. Well, because there was a gap, you know, a 90-day deferral.

Q. And once you got past the 90 days and to	he
advertising money was coming in, did you get a l	ot of
complaints from NCMIC about customers calling?	
A. No.	
Q. In the past six months have you had any	
discussions with Jean Thompson about advertising	
agreements?	
A. She, I guess when it was I guess in Apr	il, had
sent me an e-mail requesting a copy of a new mar	keting
agreement because she said that they felt there	had been
some changes made or something along those lines	•
I sent her request over to Jack. He ne	ver
really had a chance to respond to that because t	hey cut
us off two or three days after that e-mail, I be	lieve it
was on April 14.	
Q. When is the last time you spoke to Jean	?
A. May. May sometime.	
Q. Do you recall whether that was a phone	call
or	
A. It was an e-mail conversation back and	forth.
Q. Do you recall what you said to each oth	er?
A. The first thing was I wanted to get a c	opy of
the delinquent reports. They usually would send	us that
so we could remove the people from the advertisi	ng list.
I would request a form from them saying who was	

delinquent and we would take the delinquent people out of the list to pay them and then we would issue the checks. I hadn't received that. It was May, around that time, that I requested it.

It took her a couple days to get back to me and she gave me the report and then we just chatted a little bit, you know, how are you and that kind of thing.

- Q. Was there ever a time that you ever said good-bye to each other that we won't be talking any more?
- A. No, but we did have one conversation where she said she felt -- I think, you know, she never specifically said I won't be talking to you but she said something like I feel they're forcing us to get a divorce because we talk every day; you know, for two years. I think that was her comment.
- Q. Did she ever express any surprise to you that all of Brican's leases were accompanied by advertising agreements from Viso?
  - A. No.

- Q. Were you involved at all in the negotiations from Brican and NCMIC which led to the execution of the general vendor agreement?
- A. No, the general vendor agreement was signed before, I think it was 2005 if I recall.

Q. I don't think we need to make this as an exhibit but I will show you what was submitted by the attorneys from Brican America, Inc. as a Rule 26 disclosure statement. I want you to look at Section No. 8 where you're designated as a witness that says, Ms. Ellzey will testify concerning all matters within her personal knowledge related to the making of agreements between plaintiff and/or the conducting of business between plaintiff and defendant.

Do you have any knowledge about the making of any agreements between any of the Brican entities and NCMIC?

A. The only agreement -- well, I wasn't there to make any agreements. The only agreement that occurred while I was there was the lease assignment document. That's when we were trying to get the leases to be assigned from Brican, Inc. now as a lessor and Brican, LLC as the vendor and that's when I was there and the only document I drafted while I was there.

I didn't have anything to do with the wording, it was done by Professional Solutions.

The other thing I was present for was when Lynette had come with Professional Solutions, when we met in November, she wanted us to sign a new vendor agreement and we said we already had one and she just

withdrew it and we never even saw it.

- Q. You mentioned that one of the agreements you said you did have involvement with was a lease assignment?
  - A. Yes.

- Q. Can you explain what the change was from the way you were going to do business and the way you had been doing business up until the time?
- A. Well, what it was was Brican America, LLC was the vendor and Professional Solutions was the lessor, and they would lease our equipment to the end user but we were going to have Brican, Inc. be the lessor and Brican, LLC be the vendor and Brican America, Inc. would assign the leases to Professional Solutions. And that's why the assignment was created by Professional Solutions to have that happen.

The only thing I could do was the portion that had the wording. The only thing I could change would be who was being assigned, I could add the names of the people and the date and that was it.

- Q. Do you know or were you involved in making decisions to change the way the transactions were structured as to the lease assignments?
  - A. No.
  - Q. Who told you that that was being done?

1-5.

A. Jack.

Q. Did they give you any instructions on how that would change the paperwork that you were handling?

A. No, actually our funding didn't change. They continued to wire Brican America, LLC the payments.

There was changes. We did change who was billing Professional Solutions and in the end Professional Solutions changed all the -- well, on the lease agreements they changed the name from Brican America, LLC to Brican America, Inc., that was the only change.

- Q. Up until that point did Brican America, Inc. exist?
- A. Brican America, Inc. was inactive and we reactivated the company in 2008.

We started making payments for salaries to Jack and Jeff this year so they could be paid from Brican America, Inc.

- Q. Before that who were they paid their salaries from?
  - A. Brican America, LLC.
  - Q. Who much in salary were they taking?
- A. It was a management fee. It was a percentage of the sales. I think it was four and a half percent for each unit.
  - Q. So they each took four and a half percent or

1	shared for	ur and a half percent?
2	A. 5	They each took four and a half percent.
3	Q. :	That was not salary?
4	A. I	Management fee.
5	Q. I	Did they have to take or did they take a salary
6	on top of	that?
7	A. 1	No.
8	Q. I	Did they take bonuses?
9	A. I	No.
10	Q. I	Do you know whether any of the Brican companies

1	A. A majority had advertising agreements but I
2	don't know the numbers.
3	Q. Off the top of your head, are you aware of any
4	Brican systems that were sold which were not accompanied
5	by Viso advertising agreements?
6	A. Yes, I know that they exist. I know that we
7	have clients that didn't want the advertising agreements
8	but, I don't know how many.
9	Q. To your knowledge, have any doctors not
10	received advertising fees that were promised by Viso?
11	A. No. Well, if they defaulted they wouldn't
12	receive them.
13	Q. If they defaulted on the lease payments?
14	A. Yes.
15	Q. Is that by the terms of the advertising
16	agreement?
17	A. Yes.
18	Q. Aside from the people or the doctors who
19	defaulted, has anybody else, to your knowledge, not
20	received their advertising fees?
21	A. No.
22	Q. To the extent that the doctor had a complaint
23	about the Brican system or the arrangements he has or
24	the payments by Viso or anything, who initially fielded
25	those calls?

A. Initially -- well, it would be the customer service department, you know, and if it was a technical issue or whether it was an advertising issue, whatever the case may be.

If it was an advertising issue they would bring it to my knowledge and say, such and such didn't get a check, why, and I would just look it up in my system why they didn't get a check and unless there had been an error that we paid somebody else in their company and not the doctor, then it would be because they were delinquent and the reason we knew that they were delinquent is because Professional Solutions would send reports.

- Q. Had any doctors ever complained to you about the entire structure of the transaction, saying that they were not happy with the fact that they had to get advertising money to pay the lease?
- A. Well, it was explained to them before they signed up so, you know, there had been a handful of calls, I don't know how many actually called and said that this was not explained to me, but for the most part we would give them the documents they signed and we would talk about what the presentation was and then they were okay with it, that it was explained to them before they signed the documents.

1	Q. Is Brican still selling systems?
2	A. Yes.
3	Q. Has the volume of sales increased or decreased
4	in the last six months?
5	A. Decreased.
6	Q. Can you give me a rough estimate of how much
7	it's decreased?
8	MR. WERTMAN: Objection.
9	THE WITNESS: I don't know the number but I
10	know it's decreased but I don't know the percentage.
11	BY MR. VERDE:
12	Q. At the end of 2008, by estimate, how many sales
13	a month was Brican making?
14	A. Two hundred.
15	Q. Do you have an estimate of how many they're
16	making in the last couple of months?
17	A. Well, I don't know. I don't process sales any
18	more that come in so I don't you know, since we're
19	not financing through Professional Solutions, I'm not
20	working on that, you know, with the credit applications
21	now.
22	But I don't deal with that area.
23	Q. What exactly do you do now?
24	N T do amany thing also T do all of the anlaws
	A. I do everything else. I do all of the salary.
25	I take care of the HR benefits. I take care of the

1 vendors and all the bookkeeping. 2 Does Mr. Lemacon have a secretary? Q. 3 Α. No. 4 Ο. Does Mr. Vincens have a secretary? 5 Α. No. 6 Do you act sort of as their personal 7 administrative assistant as well? 8 Not for Jeff. You know, sometimes Jack --9 well, not really a secretary position. You know, I 10 don't like draft e-mails or stuff on his behalf. 11 Q. Is Mr. Vincens in his office every day? 12 I would say so. Not every single day. 13 depends on where he is. 14 And Mr. Lemacon, is he in the office every day Q. 15 for the most part? 16 Α. Yes. 17 At the time that NCMIC was no longer financing Q. 18 these leases, what happened to the leases that were 19 pending, were they eventually financed by someone? 20 Yes. We had to get all the leases and we went Α. 21 with a different leasing company to get them redone. 22 Did you have to cancel any of the leases as a 23 result of not being able to obtain financing from NCMIC? 24 Cancel because a client no longer wanted to do 25 it?

1	Q. Yes.
2	A. There was a few. I don't know how many but
3	there were a couple of people that changed their mind.
4	Q. But everybody else was able to get alternate
5	financing?
6	A. Yes.
7	Q. Viso was paying for advertising at doctors'
8	offices around the country, right?
9	A. Yes.
10	Q. As we sit here today, Viso is paying for
11	advertising in doctors' offices in California, Illinois,
12	Minnesota?
13	A. Yes.
14	Q. And these are places that we can all agree are
15	far away from Texas, Florida and North Carolina,
16	correct?
17	MR. WERTMAN: Objection. Go ahead.
18	THE WITNESS: Yes.

20	Q. You personally believe that advertising makes
21	any sense to you?
22	MR. WERTMAN: Objection. You can answer.
23	THE WITNESS: Yes, they were planning on
24	opening up centers and they're trying to get the
25	name Viso out locally.

1 BY MR. VERDE: 2 Have you ever discussed the advertising Q. 3 strategy with anyone at Viso or Brican? 4 Α. As far as payments going out? 5 Just the strategy of paying for all of this Q. 6 advertising. 7 No, that's above my head, outside my purview. Α. 8 And you understood in 2007 when you joined Ο. 9 Brican there was only one location? 10 Only one Medspa? We had not launched Α. 11 Wellington yet. It hadn't been opened yet. 12 Are you involved at all in planning or setting 13 up Viso Medspas? 14 Α. No. 15 Q. Have you visited any of the Viso Medspas 16 besides the one in Florida? 17 Α. No. 18 Are you involved in managing any of the Viso Q. 19 offices? 20 Managing the day-to-day documents? Α. 21 Q. Yes. No, not really. But currently since Jennifer 22 23 is on maternity leave I take over her bookkeeping duties 24 but I don't really have control of the day-to-day

things.

Q. Who's responsible for calculating and keeping track of the amounts of money made by the spas and paying their expenses? Currently me, but Jennifer normally would be in charge of that. I remember her saying before she went on maternity leave that she was 17 I don't know exactly what date she joined. months. Let's focus now on the Wellington office. Q. Α. Okay. Are you able from your position to determine how many procedures are being done per week in the Wellington office? The Wellington office I receive, you know, surgeons' reports when surgeries occur and who has to be paid, the technicians and, you know, things like that, but to determine how many are being done next week, I only know after they happen. Are the doctors who are performing the procedures employees of the spa or are they outside contractors? Α. Outside contractors. They're not employees of

Now, there is a big machine that they have to Q. obtain in order to do the Lasix surgery? Α. Okay. Are you familiar with what I'm talking about? Yeah, I know which machines but I don't know Α. the models. Well, neither do I so that's fair. Q. Do you know whether the machines that actually do the surgery in the Wellington office are owned by Viso or leased by Viso? Those are -- the ones that are currently in Wellington is leased, but it's not leased by Viso. The ones leased by Viso is the one in Charlotte and San The one in Wellington was open before Viso was launched. Q. Do you know who owns the machine in Wellington? Which bank? Α. 0. Well, it's owned by Viso? Α. No. Do you know who owns it? Q. It's definitely leased but I don't know the Α. vendor, the name of the vendor who's leasing it. Fair enough. And from the fact that you're handling the bookkeeping for the Wellington office, do you recall making any payments to any lease companies or

## companies that might have actually owned the machine?

- A. There are a lot of leases for Wellington that, you know, I pay out monthly. I don't know which specific lease is -- I know we have furniture, we had some surgical equipment, but I don't know which of the vendors is paid that directly.
- Q. From your position are you able to determine whether Wellington Spa is operating at a profit or not?
- A. I could look at the profit and loss and tell you what it says, but I can't really say what they're operating. You know, that's not really what I do. I'm just covering for her.
- Q. Let me put it in more basic terms. Are you paying out more expenses for the Wellington office than you're taking in in revenues?
  - A. Currently, yes.
  - Q. Can you tell me how long that's been going on?
  - A. No, I don't know for how long.
- Q. The same question with regards to the Charlotte office. Are you taking in more revenues or are you paying out more expenses?
  - A. Paying out more expenses.
  - Q. A lot more?

MR. WERTMAN: Objection, form.

THE WITNESS: We're paying out more. I don't

No. 9 Have you been involved at all in any planning 10 of Viso centers in other locations? 11 Α. No. 12 Ο. To your knowledge are those still being 13 pursued? 14 No, I don't know. Α. ---15 Aside from Ms. Thompson, did you discuss the 16 advertising agreements with anyone else from NCMIC? 17 When Todd was here I was present when they were 18 discussing the advertising agreements and which centers 19 we had and which ones were opening. 20 That was in November? Q. 21 November 2008, but I didn't speak directly to 22 Bonnie or Paula about advertising agreements. 23 speak, like I said before, on occasion with Nick Mollen, 24 about customer service issues that stemmed from that.

Q. Is that correct?

A. Yes.

Q. Do you recall what you told her about the marketing agreement?

Paula, you know, we would speak with each other about advertising agreements, what it would have been because she had received, you know, the advertising agreement instead of an invoice or instead of a serial number or something along those lines.

We never chatted about the advertising agreements or what it said or anything like that.

- Q. When you spoke with Mollen, what was the nature of your discussions regarding the advertising agreements?
- A. It was clients that had a misunderstanding of the marketing agreement and they were not paying their leases because of it and I would have to speak to him on occasion and I had to deal with a client. Most of the time it was in California that had problems.
- Q. Did he ask you any questions about the advertising agreement whether everybody had one?

James Conlon was a marketing consultant who worked for Brican before I started. Q. Where you involved in making any payments to any companies providing hard equipment? Α. Yeah, there were several vendors that provided equipment that we would have to pay. Do you recall the names of those vendors? Α. There were several. One was Lectro-Graph and then we had Piece of Connection, and sometimes -- well, also we had Analyst Bay. Also sometimes we had a promotion where we couldn't find the equipment and we'd have to go -- we couldn't get it from any of the suppliers and we would even go to Circuit City. But those were the three main ones. Q. Who told you which suppliers to use? I would never purchase them. I only paid their Α. bills. 0. Do you know whether either Mr. Vincens or Mr. Lemacon had any ownership interest in the companies that were supplying television sets? I understand that Jack had some ownership in Α. Lectro-Graph, but -- I'm sorry, it's not Lectro-Graph, it's Lectro-Com. Do you know who Dr. DeCanio is? Q.

Do I know him? Yes.

1 Q. Does he work at Viso? 2 Α. He works at PBLEI. 3 What is that again? Q. 4 Α. He was not an employee, he was the 5 marketing director I think but I don't know the term. 6 Ο. Is he frequently at the Blue Lagoon offices? 7 Not frequently. Maybe less than once a month. Α. 8 Who is Paul Gallivan (phonetic)? Q. 9 Paul Gallivan was the national director for Α. 10 Viso but I don't know the exact title. 11 Q. Is he an eye doctor of some sort? 12 Α. Not to my knowledge. 13 Q. He actually operates Viso centers? 14 He goes to the centers and kind of commands Α. 15 them but I don't really know -- I don't work for Viso. 16 I do see him in the office once a week. He comes in but 17 I don't really know exactly what his day-to-day 18 operations are. 19 Q. Do you know where he is based? 20 Α. I think he lives in Delray. I believe he goes 21 to the Wellington center often and then he flies out to 22 other centers as needed. 23 Are you involved in cutting checks for him as 24 well? 25 Salary currently while Jenny is out. Α.

1	Q. What is his salary?
2	A. I don't know. It's pretext. You know, I just
3	submit the payments.
4	Q. Is Mr. Gallivan, to your knowledge, an American
5	or is he from somewhere else?
6	A. He's an American.
7	Q. Who is Brock Randall?
8	A. Brock Randall is a person like he puts on
9	seminars in different states. I think he may be
10	Canadian but he puts on seminars or he used to for the
11	marketing or salespeople who do these trade shows and
12	they hold seminars.

22	Solutions, which is NCMIC and Brican America, Inc.
23	Have you ever seen this before?
24	A. Yes.
25	Q. In what context did you see it?

ŀ	
1	A. When we pulled it out to show Lynette we
2	already had one.
3	Q. Have you ever read it?
4	A. No.
5	Q. To this date have you read it?
6	A. No.
7	Q. Let me ask you to look at paragraph six but
8	before you do that, would you agree with me that the
9	marketing agreement is part of the overall agreement you
10	had with doctors that have Brican systems?
11	MR. WERTMAN: Objection.
12	THE WITNESS: The ones who elect it, yes.
13	BY MR. VERDE:
14	Q. Take a look at paragraph six of that agreement
15	that's in front of you, subparagraph C, Brican warrants
16	that there are no other agreements or warranties given
17	to the lessees related to goods or leases written or
18	verbal that are not included in the documents given to
19	PSFS.
20	A. Yes.
21	Q. Do you believe that the advertising agreement
22	would have fallen under the categories of other
23	agreements or warranties related to the leases?
24	MR. WERTMAN: Objection.
25	THE WITNESS: It was I mean, before I

started they were already in existence and what I was told was, you know, I sent what I was told but I was never requested to provide any other documents or no one ever asked me to send them copies of anything else.

## BY MR. VERDE:

Q. Would you agree, just speaking personally, not as a lawyer or not based upon what the law is or not, just in your personal experience with this company, that the advertising agreements were agreements with the customer and that it was part or related to goods and leases that were being exchanged with NCMIC?

MR. WERTMAN: Objection.

THE WITNESS: The leases that were signed and everything related to the leases were sent and the agreement was between the doctor and another party, Viso.

## BY MR. VERDE:

- Q. The advertising agreement was signed at the same time as the leases?
  - A. Yes.
- Q. And to your knowledge the salesmen were offering the advertising agreement as part of the leasing package when they made their sales pitch to the doctors?

1 MR. WERTMAN: Objection. 2 THE WITNESS: The ones who wanted to do so did 3 and if they didn't want to, didn't. BY MR. VERDE: 4 5 My question to you is, to your knowledge when 6 the salesmen approached the doctors they pitched both 7 the lease agreements with Brican and the marketing 8 agreements at the same time? 9 MR. WERTMAN: Objection. 10 THE WITNESS: I'm not in marketing so I don't 11 know whether they did it at the same time or I don't . know when it was done. I don't know if it was done 12 13 at the same time or not or after. I just don't 14 know. 15 BY MR. VERDE: 16 But the complaints that you had from doctors Q. 17 about making lease payments before they began receiving 18 advertising monies didn't that indicate to you that the 19 doctors at least thought that these two agreements were 20 directly related? 21 MR. WERTMAN: Objection. 22 THE WITNESS: Client calls weren't a majority, 23 they were a small amount of clients that had

problems and, you know, a majority of them made

their payments fine.

24

25

As a matter of fact, I think the advertising agreements helped Professional Solutions because there was a very low default rate with them.

I don't think it was a hindrance with them, I think it was helping them.

## BY MR. VERDE:

- Q. When you say that there were a small amount of complaints about the fact that they had not received their advertising money before they made their first lease payments, could you give me an estimate as to the number of people that would have called?
  - A. No.
  - Q. Was it more than 10, less than 10?
- A. It wasn't -- it wasn't less than 10 but I don't know the number of clients.

I recall that before they came in November Jean and Todd had met with the underwriters and they were delighted that we only had, up to that point, one default, one client ended up defaulting and he had three units, but the rest of the clients all made their payments.

If they had problems, the small amount of problems once it was explained to them or re-explained, they were fine.

Up until that point before they came to visit

us we just had one client that defaulted.

- Q. We may be talking about different things.

  You're talking about defaults and I'm not talking about defaults.
  - A. Okay.

- Q. I'm talking about you had mentioned earlier in your testimony Jean Thompson, that you had spoken to Jean Thompson on a number of occasions.
  - A. Yes.
- Q. Because the doctors had called up complaining that they were getting billed on their leases.
  - A. Correct.
- Q. Before they had received their first advertising check?
  - -... A. Right.
- Q. And now you just said there were just a handful of times that happened or words to that effect, I can't recall exactly what you said but that it didn't happen that often.
- A. I said that out of 1,600 clients the amounts that have problems was a small amount. It's not 10, it's not less than 10, it's definitely more, but the default, you know, the ones that actually stop paying up until the time they had come to visit was one.
  - Q. I don't want you to focus on defaults. I'm

trying to figure out how many called. How many called every day? Α. Not how many called every day but how many Q. called that first time to say why I am getting billed, I haven't received the advertising? I don't know how many that called, you know, because some of those calls would have come to Dan and I can't give you a number how many there were, I couldn't say if it happened once a month, once every couple of months but, you know, the advertising agreement question came up but it wasn't once a day, definitely not once a day but I don't know how many it was. I'm going to show you what was previously marked as Exhibit No. 7, Defendant's Exhibit No. 7, and it's an e-mail --Right. This is the one I mentioned earlier. Α.

- Q. Hang on. Let me catch up to you. You're already answering my question.
  - A. I'm sorry.
  - Q. This is an e-mail from Jean Thompson to you?
  - A. Yes.

  - A. Yes.

1 Q. Do you recall the circumstances surrounding 2 this? 3 Yes, this was around the time right before they 4 cut us off. 5 We had already, me and Jack, already talked 6 about the concentration issue and what was going on with 7 future funding so we already had known that there were 8 problems and they had already brought that to my 9 attention and then I got this e-mail that day and I 10 forwarded it to Jack. I referred him to take care of it 11 and then they cut us off right after that, maybe two 12 days later they stopped funding us. And we never got a 13 chance to do what they wanted after I forwarded this to 14 Jack. 15 Did you have any telephone conversations with Q. 16 Jean about this message? 17 Α. No. 18 0. Did you ever have any conversations with Jean 19 about changes that had been made to the marketing 20 agreement? 21 Α. No. 22 Have you received in the last few months an 23 increasing number of complaints from doctors or lessors? 24 About the same. 25 MR. VERDE: That's all the questions I have.
